AUTO INSURANCE BILLING AND PHYSICIAN CODING WORKSHOP

AGENDA

8:00 - 8:30 am Registration and breakfast

8:30 -10:00 am

Billing for MVA - How to maximize revenue.

Traditional collection tactics automatically assume a debt is valid and immediately assume the responsible party simply doesn't want to pay. This does not work in Motor Vehicle Accident or Third-Party Liability Claims for many reasons. We will discuss those reasons, and the way to get those claims paid.

10:00 - 10:30 am Break

10:30 - 12:00 pm

Deep Dive Physician Coding and Billing

The revenue cycle or medical billing process is not undertaken by a single individual. Medical coding involves front office, medical assistants, and the medical biller and coder. It is important to understand every step of this revenue cycle process if strive to have a successful medical practice. And it's important for all people involved to understand their role. In this workshop, we will cover the end-to-end process of medical billing as a whole, and not just the responsibilities of the biller and coder. This is an interactive workshop that will build your knowledge and skills regarding the billing and coding process. We will give helpful suggestions and discuss possible solutions to challenges you may be having at your clinic or billing office.

12:00 - 12:15 pm Wrap up

SPEAKERS

Warren Kloter

Warren is the Director of Business Development for Continuum Health Solutions, a revenue cycle management company focused solely on Motor Vehicle Accident(MVA) and Third-Party Liability(TPL) claims management.

For the past 7 years, Warren has been focusing on MVA/TPL process improvement for hospitals nationwide. As a result, he has seen revenue lift, lower AR days and improved patient experience in this niche portion of revenue cycle.

Warren is currently the treasurer and membership committee chair for AAHAM, and registration co-chair for HFMA. Warren lives in CO with his wife Christy, 4 kids, and a rambunctious labradoodle. In his free time, he enjoys spending time with family, mountain biking, fly fishing, skiing and home renovation projects.
